SOURCE Vneshnyaya trgovlya, No 7.LYSENKO'S SON IN GREAT BRITAIN?

Mikhail Trofimovich Lysenko is listed, among persons authorized to sign foreign-trade agreements, as having the right of second signature on trade agreements and contracts concluded in the territory of Great Britain in the name of the All-Union Combine "Tekhnoimport".

/His patronymic shows that he is the son of Trofim Lysenko, which is the name of the key figure in the genetics dispute in the USSR. The name Lysenko, while not unusual, is not a very common one in the USSR. The name Trofim is fairly common among peasants but not among intellectuals. The geneticist is of peasant origin.
